AMENDMENT AND REMARKS

Assistant Commissioner for Patents
Washington, DC 20231

Sir:

Applicant has carefully studied the outstanding Official communication mailed on December 9, 2002 and setting a three-month shortened statutory deadline for response. The present amendment is being filed on March 10, 2003, together with a Request for Continued Examination and its associated fee. Accordingly, this communication is timely filed.

In the Claims:

Please amend claims 1, 10 and 19 to read as follows:

1. (Twice Amended) Apparatus comprising:

an image source to produce at least first and second spatial image fractions, at least a significant portion of said first image fraction not spatially overlapping any portion of said second image fraction;

relay optics having a field of view associated with said image fractions;
and

a redirecting unit coupled to said image source to direct at least said first and second image fractions to at least first and second, respective, spatial
